

CLEANED from the EXCHANGES

W. C. T. U. INSTITUTE

AT HEMINGFORD

Hemingford Ledger: The meeting held last Friday was well attended, about 30 ladies from Alliance being here, coming on 41 that morning.

The session was opened at 10:30 by the president, Mrs. Wm. Fosket, and the program published was pretty well carried out, though some delegates from away, were unable to be present, their places on the program being well carried out by others out in the spur of the moment.

In the forenoon, Mrs. Vance talked on Parliamentary usages and then conducted a Round Table in which there was much discussion concerning the new prohibition law, Mrs. Vance giving some very interesting facts about it.

At the noon hour a Cafeteria lunch was served in the basement and an enjoyable social hour was had.

The secretary somehow failed in giving us an outline of what was done in the afternoon, but we heard from enough to believe that it was a most profitable time.

In the evening some of us male W. C. T. U's. were present and watched how the ladies were holding out. Mrs. Paul Armstrong gave a solo in which we realized we have a soprano voice now in our midst of much more than ordinary ability. Mrs. J. W. Reed of Alliance read the report of the delegates from Western Nebraska to the National meeting and which was full of trite information. This was followed by an instrumental rendering by a young lady from Alliance we did not learn her name, which was well received.

The address of the evening was by Mrs. Layton of Alliance, and was timely and inspiring. At its close the silver offering was taken up, amounting to a little less than \$30, and the gathering scattered to their homes the ladies from Alliance going on 42, which was stopped here for their accommodation.

A BIG RANCH DEAL— N SELLS 9720 ACRES

Chadron Journal: Probably one of the largest ranch deals ever made in western Nebraska was closed this week through H. B. Coffree, one of our most enterprising real estate men.

The U. R. Land & Cattle Co. ranch consisting of 9720 acres, twelve miles east of Chadron was sold to J. A. Cavers of Omaha. Mr. Cavers bought everything on the ranch which included all the cattle and horses.

This ranch was owned by J. T. May of Fremont, W. A. Carmean and the A. W. Riekman estate of Chadron. Most of the land lies in Sheridan county. This is one of the best ranches in western Nebraska.

Mr. Cavers, the purchaser of the ranch is president of the Cavers Elevator Co., and is one of the largest handlers of grain in Omaha.

Douglas and Keith Cavers, sons of J. A. Cavers, will operate the ranch. John Celik who has been on the ranch for the past fifteen years will be retained as foreman.

SCOTTSBLUFF BOY IS WOUNDED IN FRANCE

Scottsbluff Star-Herald: Clyde Hays, a Scottsbluff boy, and who is serving with the Canadian contingent on the western front in France, has been wounded and is now in a hospital according to a telegram received by his father, W. S. Hays, of this city this morning.

The telegram does not go into detail with reference to the matter but merely stating that Clyde Hays had been received at the hospital suffering from a gunshot wound in the left leg, date of his arrival at the institution being April 30. It was not learned how, or in what manner the wound was received, but it is presumed from the date that it was either at the famous capture of the Viny ridge, or immediately thereafter, in the series of battles in which the Canadian troops covered themselves with glory and sustained an estimated loss in killed and wounded of approximately 10,000 men.

BABY TWO DAYS OLD FOUND ON DOOR STEP

Bridgeport News-Blade: Another mystery has happened in the neighboring town of Bayard to cause considerable comment and a large number of suppositions to be advanced. Early one morning last week about three o'clock, a baby was found on the steps of the hospital which is conducted by Mr. and Mrs. L. C. Leach. The infant was practically naked; carelessly wrapped in a

sheet and nearly dead when an attendant, who had stepped outside for a few minutes, was attracted by a wall from the small bundle on the door step and an investigation disclosed the disowned baby. Whether or not the mother and father will be made to accept the obligation of matrimony is a matter for the officers of the law to determine but further investigations will determine this.

"OLD GLORY" IN EVERY WINDOW OF COURT HOUSE

Custer County Chief: The work of placing the American flags in every window in the court house is nearly finished and the building already presents that patriotic appearance so in keeping with the times. Supervisor Fred Hayes, who is chairman of the court house committee, is superintending the work and so far has made a mighty good job of it. Get the flag in all the windows of the houses. The city has been very liberal so far in displaying the American colors, but there are a few empty windows left and it would be showing the right spirit if the owners of these would get busy and join the procession.

SIX THOUSAND ACRE RANCH REPORTED SOLD

Hyannis Tribune: A report is current that County Commissioner John H. Vinton, residing 18 miles south of Whitman, has purchased the 6,000 acre ranch together with 582 head of cattle, of which 150 are yearlings, owned by Lark Doyle, 30 miles south of Whitman. The consideration is stated at \$6 per acre for the land and \$60 for each head of cattle. This transfer represents the sum of \$74,000 and is the most extensive one that has been consummated in this county for many years.

HORSES RAN AWAY— BOTH LEGS BROKEN

Hay Springs News: A most serious and painful accident happened to Mrs. Charles Shubert last Saturday afternoon while on her way home from town. When within about two miles of home the horses became frightened and ran away throwing her out of the spring wagon with such violence as to break

Stock Cattle For Sale Spring Delivery

We will have a large number of White Face yearlings, two and three year old steers for Sale. May first delivery, shipped on any road freight paid to destination. These cattle are good color and strong ages.

Anyone interested in purchasing stock cattle please correspond with **Cox-Jones-Van Alstine Co.** SOUTH OMAHA, NEBRASKA

both legs, the right one just above the ankle and the left one about six inches above the ankle. Dr. Dolsom who was called to dress the injured members states that they were both badly broken.

The cause of the accident is due to the fact that the traces to the heavy work harness that she was using unhooked and let the tongue to the vehicle, down, and almost instantly the team became unmanageable.

Mrs. Shubert is a lady weighing nearly 200 pounds and the suddenness and violence of the accident gave her no time to save herself in the least.

MAY BUILD POTASH PLANT AT LISCO

Oshkosh Herald:

E. M. Eldred, proprietor of Nebraska's biggest cattle ranch, was down from the lakes country Wednesday transacting business at the county seat. Mr. Eldred we understand has had an analysis made of the waters of some of his numerous lakes and finds that they contain potash in paying quantities, and is considering piping the water to Lisco and erecting a potash evaporating plant there. The potash industry is getting to be a big thing in the lakes country to the north of us, but so far the business has been confined entirely to the section of the country tributary to the Burlington railroad, although the Platte valley would seem to be the most natural outlet for the industry, as the altitude is lower, and, therefore, the water would not have to be pumped but could be syphoned, to the evaporating plant, which must, of course, be located on the railroad. If the project is carried out Lisco will be the big town in the county one of these days unless Oshkosh and Lewellen wake up and do likewise. And why not? There are any number of potash bearing lakes to the north of us which could be syphoned down here and made to pay big dividends. We hope that Mr. Eldred will start the ball rolling. It may wake up somebody else.

Clear Your Skin in Spring Spring house cleaning means cleaning inside and outside. Dull pimply skin is an aftermath of winter

inactivity. Flush your intestines with a mild laxative and clean out the accumulated wastes, easy to take, they do not gripe. Dr. King's New Life Pills will clear your complexion and brighten your eye. Try Dr. King's New Life Pills tonight and throw off the sluggish winter shell. At druggists, 25c. Adv-2

Chalmers 7-Passenger Touring Car—Price \$1475 Detroit

Chalmers

Small Enough for Five—Big Enough for Seven

Many cars that are delightful for five are impossible for seven. Yet how often two extra seats would be welcomed. Here you have it. This Chalmers solves the problem.

You have all the compactness, moderate upkeep, and easy handling of a "five", yet with ample room, in comfort, for two additional when needed. Ingeniously designed extra seats slip out of the back of the front seats. They are never in the way. Yet always ready.

Come and see how Chalmers

engineers succeeded where others failed. You will be surprised at the commodiousness of this moderate-sized, moderate-priced car.

Chalmers proved its superiority by winning the officially highest and the officially lowest 24-hour high-gear performance through city traffic. These tests proved Chalmers economy and performance under normal driving conditions. Both tests were officially certified by the Contest Board of the A. A. A.

Come and see the car. Ride in it. Drive it.

Touring Car, 7-passenger . . . \$1475	Cabriolet, 3-passenger . . . \$1625
